

This architectural floor plan depicts a laboratory layout. The plan includes several workstations and storage areas, each identified by a green circular callout with a number. Callouts 1, 2, 3, 4, 6, and 7 point to rectangular units with green 'X' patterns, likely representing storage or equipment racks. Callouts 5, 8, 9, 10, 11, 12, and 13 point to various pieces of laboratory equipment, including what appear to be fume hoods, sinks, and specialized instruments. The word "biuro" is written in green text in the central area. On the right side, two vertical dimensions are indicated: 360 and 157, with corresponding orange dimension lines. The plan also shows structural elements like walls and doorways, with some areas shaded in light gray.
